Dear Dr. Armen:

On behalf of the children in Armenia and the entire Psychiatric Outreach Program staff, I wish to thank the Children of Armenia Fund for continued support of the Psychiatric Outreach Program.

The Armenia Relief Society, Western Region USA established the Psychiatric Outreach Program in 1989 to provide mental health services to the children and their families in the earthquake zone. With the continued support from COAF, the Psychiatric Outreach Program operates mental health clinics in Gumri and Spitak where locally trained staff see approximately 600 new patients per year and conduct approximately 3,000 counseling sessions per year.

The Medical Director of Shirag Region and the Mayors of Gumri and Spitak express their heartfelt thanks for your support. In the spirit of your goal to "save a nation" your efforts will ensure the well being of a future generation.

Warmest Regards and thanks,
