Dear Dr. Garo Armen and Friends of Children of Armenia Fund,

It is from the Homeland we so love that the founders and friends of ORRAN--a center for vagrant children in downtown Yerevan--extend our heartfelt congratulations on this most wonderful occasion.

Although COAF is new to Armenia's public-service community, it already has achieved firm ground to boast a work record that reflects exemplary commitment, compassion, and care for the Armenian nation and especially its youth.

ORRAN, which means "haven" in Armenian, is grateful to have become one of the beneficiaries of your generous assistance. Thanks to your support, scores of needy children, elderly, and their families will soon begin receiving professional dental and orthodontic care. The state-of-the-art equipment of the dental clinic you have established at ORRAN is but one manifestation of COAF's comprehensive contribution to the dignity of human life and humane lives.

Together, we look forward to walking hand in hand, and heart to heart, in our shared quest to turn Armenian tears into laughter, sickness into health, need into relief.

Pari yert--yev shnorhavor!

Sincerely,

Armine K. Hovannisian
